### 2. Hazard identification of the product

#### Warning

All information concerning this product and/or suggestions for handling and use contained herein are offered in good faith and are believed to be reliable. Akzo Nobel however makes no warranty as to the accuracy of and/or sufficiency of such information.

## Safety Data Sheet

THA127

INTERLINE 925 WHITE PART B

Version Number 2 Revision Date 05/08/13

**GHS Classification;**

| Item  | Category       | Hazard                                  |
|---|----------------|---|
| Flammability  | Not classified | Not applicable                          |
| Acute Toxicity (mouth)                                      | 4              | Harmful if swallowed                    |
| Acute Toxicity (skin)                                       | Not classified | Not applicable                          |
| Acute Toxicity (inhalation)                                 | Not classified | Not applicable                          |
| Acute Toxicity (ingestion)                                  | Not classified | Not applicable                          |
| Skin corrosion/irritation                                   | 1A             | Causes severe skin burns and eye damage |
| Eye damage/irritation                                       | Not classified | Not applicable                          |
| Sensitization (respiratory)                                 | Not classified | Not applicable                          |
| Sensitization (skin)  | 1              | May cause allergic reaction.            |
| Germ toxicity   | Not classified | Not applicable                          |
| Specific target organ systemic toxicity (single exposure)   | Not classified | Not applicable                          |
|   | 2              | No target organs for this category      |
|   | 3              | No target organs for this category      |
| Specific target organ systemic Toxicity (repeated exposure) | Not classified | Not applicable                          |
| Aspiration hazard   | Not classified | Not applicable                          |
| Harmfulness to aquatic Environment (acute)                  | Not classified | Not applicable                          |
| Harmfulness to aquatic Environment (long term effect)       | Not classified | Not applicable                          |
| Carcinogenicity   | Not classified | Not applicable                          |
| Reproductive Toxicity                                       | Not classified | Not applicable                          |
| Organic Peroxide  | Not classified | Not applicable                          |

**S. Phrases;**

S36/37 - Wear suitable protective clothing and gloves.

Further information is given in section 11.

All information concerning this product and/or suggestions for handling and use contained herein are offered in good faith and are believed to be reliable. Akzo Nobel however makes no warranty as to the accuracy of and/or sufficiency of such information.

## Safety Data Sheet

THA127

INTERLINE 925 WHITE PART B

Version Number 2 Revision Date 05/08/13

### 3. Composition/information on ingredients

**Mixture :** Mixture

This product contains the following hazardous substances.

| Ingredient                                    | CAS Number   | Concentration Range% |
|---|--------------|----------------------|
| Silica (quartz)                               | 0014808-60-7 | 25-50                |
| Isophorone diamine                            | 0002855-13-2 | 25-50                |
| 3,3'-Dimethyl-4,4'-diaminodicyclohexylmethane | 0006864-37-5 | 2.5-10               |

### 4. First aid measures

#### General

This material is corrosive and can cause moderate to severe burns, particularly to the eyes. Do not delay in treatment or in seeking medical advice.

#### Inhalation

Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.

#### Eye Contact

Material is corrosive. Severe damage to eyes will result unless urgent attention is given. Irrigate copiously with clean fresh water for at least 15 minutes, holding the eyelids apart. Immediately seek medical attention.

#### Skin Contact

Remove contaminated clothing immediately. Wash skin thoroughly with soap and water or use a recognised skin cleanser. Do NOT use solvents and thinners. Do NOT reuse clothing without thorough cleaning, preferably dispose of the contaminated clothing.

#### Ingestion

If accidentally swallowed obtain immediate medical attention. Keep at rest. Do NOT induce vomiting.

All information concerning this product and/or suggestions for handling and use contained herein are offered in good faith and are believed to be reliable. Akzo Nobel however makes no warranty as to the accuracy of and/or sufficiency of such information.

**Safety Data Sheet**

THA127

**INTERLINE 925 WHITE PART B**

Version Number 2 Revision Date 05/08/13

**5. Fire-fighting measures**

Recommended extinguishing media; alcohol resistant foam, CO2, powder, water spray.

Do not use - water jet.

Note; Fire will produce dense black smoke. Decomposition products may be hazardous to health. Avoid exposure and use breathing apparatus as appropriate.

Cool closed containers exposed to fire by spraying them with water. Do not allow run off water and contaminants from fire fighting to enter drains or water courses.

**6. Accidental release measures**

Remove sources of ignition, do not turn lights or unprotected electrical equipment on or off. In case of a major spill or spillage in a confined space evacuate the area and check that solvent vapour levels are below the Lower Explosive Limit before re-entering.

Contain and absorb spillage with non-combustible materials e.g. sand, earth, vermiculite. Place in closed containers outside buildings and dispose of according to relevant State and/or Federal regulations. (See section 13).

Clean, preferably with a detergent. Do not use solvents.

Do not allow spills to enter drains or watercourses.

If drains, sewers, streams or lakes are contaminated, inform the relevant Environment Protection Agency.

Empty containers may contain product residues, including flammable or explosive vapours. Do not cut, puncture or weld on or near containers. All label warnings must be observed until the containers have been cleaned or reconditioned.

All information concerning this product and/or suggestions for handling and use contained herein are offered in good faith and are believed to be reliable. Akzo Nobel however makes no warranty as to the accuracy of and/or sufficiency of such information.

**Safety Data Sheet**

THA127

INTERLINE 925 WHITE PART B

Version Number 2 Revision Date 05/08/13

**7. Handling and storage****Handling****In Storage**

Handle containers carefully to prevent damage and spillage.

**In Use**

Avoid skin and eye contact. Avoid inhalation of vapours and spray mists. Observe label precautions. Use personal protection as shown in section 8.

Smoking, eating and drinking should be prohibited in all preparation and application areas.

Never use pressure to empty a container; containers are not pressure vessels.

**Storage**

Store in a well ventilated, dry place away from sources of heat and direct sunlight.

Store on concrete or other impervious floor, preferably with bunding to contain any spillage. Do not stack more than 3 pallets high.

Keep container tightly closed. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Keep in the original container or one of the same material.

Prevent unauthorised access.

All information concerning this product and/or suggestions for handling and use contained herein are offered in good faith and are believed to be reliable. Akzo Nobel however makes no warranty as to the accuracy of and/or sufficiency of such information.

## Safety Data Sheet

THA127

INTERLINE 925 WHITE PART B

Version Number 2 Revision Date 05/08/13

### 8. Exposure controls and personal protection

#### Engineering Measures

This material is the part B of a two component mixture. Ensure that the appropriate controls are in place for handling this material. Refer to both this MSDS and the MSDS of the part A material.

#### Exposure Limits

Exposure standards are those provided by the ACGIH (American Conference of Government Industrial Hygenists).

| Material        | Short term (15 min. ave) |       | Long term (8hr time weighted average) |       |
|-----------------|--------------------------|-------|---------------------------------------|-------|
|                 | ppm                      | mg/M3 | ppm                                   | mg/M3 |
| Silica (quartz) |                          |       | 100                                   | 0.1   |

Key to notification

- (P) Peak exposure limit
- (R) Suppliers Recommended Limit
- (Sk) There is a risk of absorption through unbroken skin
- (Sen) Sensitiser
- (Cat1) Category 1 - established human carcinogen
- (Cat2) Category 2 - probable human carcinogen
- (Cat3) Category 3 - substances suspected of having carcinogenic potential

#### Personal Protection

##### Respiratory Protection

When concentrations exceed the exposure limits shown above, workers must wear appropriate approved respirators. Provision of other controls such as exhaust ventilation should be considered if practical.

##### Eye Protection

Wear a full face shield if mixing or pouring this material

##### Hand Protection

Wear gloves. Gloves must be resistant to corrosive materials. Nitrile or PVC gloves are suitable. Do not use cotton or leather gloves.

##### Skin Protection

Overalls which cover the body, arms and legs should be worn. Skin should not be exposed. Barrier creams may help to protect areas which are difficult to cover such as the face and neck. They should however not be applied once exposure has occurred. Petroleum jelly based types such as Vaseline should not be used. All parts of the body should be washed after contact.

All information concerning this product and/or suggestions for handling and use contained herein are offered in good faith and are believed to be reliable. Akzo Nobel however makes no warranty as to the accuracy of and/or sufficiency of such information.

| Specific Gravity                             | 1.641             |
| Solvent Weight %                             | 0.90              |
| Vapour Density                               | Heavier than air. |
| pH   | Not Applicable    |
| Lower Explosive Limit (%v/v air)             | 0.8               |
| Solubility in Water                          | Immiscible        |
| R.A.Q. to ventilate to 10% of the LEL (M3/l) | 4                 |
| Odour  | Smell of Solvent  |

**10. Stability and reactivity**

Stable under recommended storage and handling conditions (see section 7). When exposed to high temperatures may produce hazardous decomposition products such as carbon monoxide, carbon dioxide, oxides of nitrogen and smoke.

Keep away from oxidising agents, strongly alkaline and strongly acid materials in order to avoid possible exothermic reactions.

All information concerning this product and/or suggestions for handling and use contained herein are offered in good faith and are believed to be reliable. Akzo Nobel however makes no warranty as to the accuracy of and/or sufficiency of such information.
