Material Safety Data Sheet INTERLAC 2 WHITE

Sales

Order: {SalesOrd}

Bulk Sales Reference No.: 45709
MSDS Revision Date: 10/01/2011
MSDS Revision Number: A3-3

1. Identification of the preparation and company

Product Identity INTERLAC 2 WHITE

Bulk Sales Reference No. 45709

Company Name International Paint LLC

6001 Antoine Drive Houston, Texas 77091

Emergency

 CHEMTREC (USA)
 (800) 424–9300

 International Paint
 (713) 682–1711

 Poison Control Center
 (800) 854–6813

Customer Service

International Paint (800) 589–1267 Fax No. (800) 631–7481

2. Hazard identification of the product

Danger

GHS Classification;

ario diassilication,				
Item	Category	Hazard		
Flammability	3	Flammable liquid and vapor		
Acute Toxicity (mouth)	Not classified	Not applicable		
Acute Toxicity (skin)	Not classified	Not applicable		
Acute Toxicity (inhalation)	Not classified	Not applicable		
Acute Toxicity (ingestion)	Not classified	Not applicable		
Skin corrosion/irritation	Not classified	Not applicable		
Eye damage/irritation	2A	Causes serious eye irritation		
Sensitization (respiratory)	Not classified	Not applicable		
Sensitization (skin)	Not classified	Not applicable		
Germ toxicity	Not classified	Not applicable		
Specific target organ systemic toxicity (single exposure)	1	Not applicable		
	2	Not applicable		
	3	narcotic effects, respiratory tract irritation		
Specific target organ systemic Toxicity (repeated exposure)	1	auditory apparatus, central nerve system, lung		
	2	blood (circulatory system), central nerve system, respiratory system, skin		
Aspiration hazard	Not classified	Not applicable		
Harmfulness to aquatic Environment (acute)	3	Harmful to aquatic life.		
	4			

Harmfulness to aquatic Environment (long term effect)		May cause harm to aquatic life with long lasting effects
Carcinogenicity	1A	May cause cancer
Reproductive Toxicity	Not classified	Not applicable
Organic Peroxide	Not classified	Not applicable

Safety Phrases:

S28: After contact with skin, wash immediately with plenty of soap and water.

S39: Wear eye/face protection.

S45: In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

S61: Avoid release to the environment. Refer to special instructions/Safety data sheets.

Overview	NOTICE: Reports have associated repeat	ed and prolonged occupational

overexposure to solvents with permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents may be

harmful or fatal. Avoid contact with eyes, skin and clothing.

Inhalation Harmful if inhaled. Causes nose and throat irritation. Vapors may affect the brain or

nervous system causing dizziness, headache or nausea.

Eyes Risk of serious damage to eyes. Do not get in eyes. Protective equipment should be

selected to provide protection from exposure to the chemicals listed in Section 3 of this document. Depending on the site–specific condition of use, safety glasses, chemical goggles, and/or head and face protection may be required to prevent contact. The equipment must be thouroughly cleaned, or discarded after each use.

Skin Causes skin irritation. May be harmful if absorbed through the skin.

Ingestion Harmful if swallowed. May cause abdominal pain, nausea, vomiting, diarrhea, or

drowsiness

Chronic effects Possible cancer hazard. Contains an ingredient which may cause cancer based on

animal data (See Section 2 and Section 15 for each ingredient). Risk of cancer

depends on duration and level of exposure.

HMIS Rating Health: 2 Flammability: 2 Reactivity: 0 PPE: X

3. Composition/information on ingredients

Ingredient	CAS No.	Percent
Butanol	0000071-36-3	1.0 – 10
1,2,4–Trimethyl benzene	0000095-63-6	1.0 – 10
Silica, amorphous	0007631-86-9	1.0 – 10
Titanium dioxide	0013463-67-7	10 – 25
Talc	0014807-96-6	10 – 25
Aluminum hydroxide	0021645-51-2	1.0 – 10
Trimethyl benzene	0025551-13-7	1.0 – 10
Silica gel, pptd., crystfree	0112926-00-8	1.0 – 10

4. First aid measures

General Remove contaminated clothing and shoes. Get medical attention

immediately. Wash clothing before reuse. Thoroughly clean or destroy

contaminated shoes.

Inhalation If inhaled, remove to fresh air. If not breathing, give artificial respiration. If

breathing is difficult, give oxygen. Get medical attention immediately.

Eyes In case of contact, immediately flush eyes with plenty of water for at least

15 minutes. Get medical attention immediately.

Skin In case of contact, immediately flush skin with soap and plenty of water. Get

medical attention immediately.

1–800–854–6813. DO NOT induce vomiting unless instructed to do so by medical personnel. Never give anything by mouth to an unconscious

person.

5. Fire-fighting measures

Flash Point F: 100

C: 38

Lower Explosive Limit (LEL) .5 (%vol in air) at Normal Atmospheric Temp and Pressure

ERG Guide No. 127

6. Accidental release measures

Spill Response Procedures ELIMINATE ALL IGNITION SOURCES (no smoking, flares, sparks or flames in immediate area). Use only non–sparking equipment to handle spilled material and absorbent. Do not touch or walk through spilled material. Stop leak if you can do so without risk. Prevent entry into waterways, sewers, basements or confined areas. A vapor suppressing foam may be used to reduce vapors. Absorb or cover with dry earth, sand, or other non–combustible material and transfer to containers. Use non–sparking tools to collect absorbed material.

Public Safety

CALL CHEMTREC at (800)–424–9300 for emergency response. Isolate spill or leak area immediately for at least 25 to 50 meters (80 to 160 feet) in all directions. Keep unauthorized personnel away. Stay upwind. Keep out of low areas. Ventilate closed spaces before entering. LARGE SPILLS: Consider initial downwind evacuation for at least 300 meters (1000 feet).

ERG Guide No. 127

7. Handling and storage

Storage Temperature Handling and Storage Precautions Store between 40-100F (4-38C).

Keep away from heat, sparks and flame. Do not smoke. Extinguish all flames and pilot lights, and turn off stoves, heaters, electric motors and other sources of ignition during use and until all vapors are gone. Vapors may cause flash fire or ignite explosively. Prevent build—up of vapors by opening all windows and doors to achieve cross—ventilation. Do not get in eyes, on skin or clothing. Close container after each use. Wash thoroughly after handling.

8. Exposure controls and personal protection

Respiratory

Select equipment to provide protection from the ingredients listed in Section 3 of this document. Ensure fresh air entry during application and drying. If you experience eye watering, headache or dizziness or if air monitoring demonstrates dust, vapor, or mist levels are above applicable limits, wear an appropriate, properly fitted respirator (NIOSH approved) during and after application. Follow respirator manufacturer's directions for respirator use. FOR USERS OF 3M RESPIRATORY PROTECTION ONLY: For information and assistance on 3M occupational health and safety products, call OH&ESD Technical Service toll free in U.S.A. 1–800–243–4630, in Canada call 1–800–267–4414. Please do not contact these numbers regarding other manufacturer's respiratory protection products. 3M does not endorse the accuracy of the information contained in this Material Safety Data Sheet.

Eyes

Do not get in eyes. Protective equipment should be selected to provide protection from exposure to the chemicals listed in Section 3 of this document. Depending on the site–specific condition of use, safety glasses, chemical goggles, and/or head and face protection may be required to prevent contact. The equipment must be thouroughly cleaned, or discarded after each use. Protective equipment should be selected to provide protection from exposure to the chemicals listed in Section 3 of this document. Depending on the site–specific conditions of use, safety glasses, chemical goggles, and/or head and face protection may be required to prevent contact. The equipment must be thoroughly cleaned, or discarded after each use.

Skin

Protective equipment should be selected to provide protection from exposure to the chemicals listed in Section 3 of this document. Depending on the site–specific conditions of use, protective gloves, apron, boots, head and face protection may be required to prevent contact. The equipment must be thoroughly cleaned, or discarded

after each use.

Engineering Controls Prevent build-up of vapors by opening all windows and doors to achieve

cross-ventilation.

Other Work Practices
Emergency eye wash fountains and safety showers should be available in the

immediate vicinity of any potential exposure. Use good personal hygiene practices. Wash hands before eating, drinking, using toilet facilities, etc. Promptly remove soiled clothing and wash clothing thoroughly before reuse. Shower after work using plenty of

soap and water.

9. Physical and chemical properties

Physical State Liquid Coloured pH No Established Limit

Specific Gravity 1.36 Boiling Point F 210

Vapor Density Heavier than air

VOC % Refer to the Technical Data Sheet or label where information is available.

Evaporation Rate Slower than ether

10. Stability and reactivity

General This product is stable and hazardous polymerization will not occur. Not sensitive to

mechanical impact. Excessive heat and fumes generation can occur if improperly

handled.

Incompatible Materials Strong oxidizing agents.

Hazardous May produce hazardous fumes when heated to decomposition as in welding. Fumes

Decompostion may produce Carbon Dioxide and Carbon Monoxide.

General NOTICE: Reports have associated repeated and prolonged occupational

overexposure to solvents with permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal. No additional information provided for this product. See Sections 8

and 11 for chemical specific data.

12. Ecological information

Not Defined

No additional information provided for this product. See Sections 8 and 11 for chemical specific data.

13. Disposal considerations

Dispose of in accordance with local, state and federal regulations. (Also reference RCRA information in Section 15 if listed).

Xylenes (o-, m-, p- isomers)

Mass RTK Substances (>1%):

1,2,4-Trimethyl benzene

Butanol

Silica gel, pptd., cryst.-free

Silica, amorphous

Talc

Titanium dioxide

Trimethyl benzene

Mass Extraordinarily Haz Sub (>.01%):

(No Product Ingredients Listed)

Penn RTK Substances (>1%):

1,2,4-Trimethyl benzene

Butanol

Silica gel, pptd., cryst.-free

Silica, amorphous

Talc

Titanium dioxide

Trimethyl benzene

Penn Special Hazardous Substances (>.01%):

(No Product Ingredients Listed)

Rhode Island Hazardous Substances (>.1%):

Butanol

Stoddard solvent

Talc

Titanium dioxide

Trimethyl benzene

Xylenes (o-, m-, p- isomers)

RCRA Status:

(No Product Ingredients Listed)

N.J. RTK Substances (>1%):

1,2,4-Trimethyl benzene

Butanol

Silica, amorphous

Talc

Titanium dioxide

Trimethyl benzene

N.J. Special Hazardous Substances (>.01%):

Isobutyl alcohol

Butanol

Xylenes (o-, m-, p- isomers)

N.J. Env. Hazardous Substances (>.1%):

1,2,4-Trimethyl benzene

Butanol

Xylenes (o-, m-, p- isomers)

Proposition 65 - Carcinogens (>0%):

Naphthalene

Quartz

Proposition 65 - Female Repro Toxins (>0%):

(No Product Ingredients Listed)

Proposition 65 - Male Repro Toxins (>0%):

(No Product Ingredients Listed)

Proposition 65 – Developmental Toxins (>0%):

(No Product Ingredients Listed)

Risk Phrases:

R36: Irritating to eyes.

R45: May cause cancer.

R52/53: Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
